

CHHF MEDICAL REFERRAL

Providers who see patients needing medical care unavailable at our clinic have several options.

- 1) Emergency patients should be sent to the hospital in Tocoa or Trujillo.
- 2) Medical tests can be obtained at DiaMed in Tocoa. Call 2444-0765. David Kelly has CHHF stationery to be used to send a message written in Spanish to DiaMed so that they know the patient is a CHHF referral and is to be given the following discount:
 - Simple x-ray - 200 lempiras to 400 lempiras (depending on area)
 - Mammogram - 600 lempiras
 - EKG - 200 lempiras
- 3) Currently there are NO referral opportunities for
gynecological care cancer treatment adult cardiology.
- 4) There are limited referrals for surgery and the wait is significant.
- 5) As for eye/vision needs, there are now teams at our clinic who offer prescription glasses. The Foundation can make cataract and pterygium surgery referrals once a year, in the spring.
- 6) Referrals are made to specific medical groups for the following specialized care:

pediatric neurology	pediatric cardiology
plastic surgery	orthopedic surgery
physical therapy	vein/leg ulcer clinic

Please complete the following information including a description of the medical issue and photos of the patient/problem. Gladis Aquiriano should be consulted regarding the referral while the patient is at the clinic. The referral form will be given to Gladis.

Please print so that your handwriting can be read.
Two contact phone numbers are imperative; photos are required.
